PROJECTS

Ecommerce Website

- I have successfully developed an e-commerce website with robust user authentication functionalities and a comprehensive shopping cart system. Through the implementation of user-friendly interfaces, customers can seamlessly navigate the platform, view product details, and manage their shopping carts.

Portfolio Website

- Designed and developed a dynamic portfolio website utilizing HTML, CSS, and JavaScript, with enhanced interactivity powered by ReactJS. Leveraged the Two animation library used to incorporate smooth animations, elevating user engagement and visual appeal. This project showcases my proficiency in front-end technologies and demonstrates my ability to create responsive and visually captivating web experiences.

SOFT SKILLS

- 1.Problem-Solving Skills:** Troubleshooting and debugging skills to identify and resolve issues efficiently.
- 2.Collaboration and Teamwork:** Ability to work in an agile and collaborative development environment.
